

The CISO Experience

Join the world's leading CISOs for a tailored, exclusive Cyber Week experience in Tel Aviv - at the heart of the Israeli cyber innovation ecosystem.

Running for over 15 years, Cyber Week at Tel Aviv University is the premier global cybersecurity event, attracting top experts, CISOs, CEOs, government officials, diplomats, military leaders, academics, researchers, investors, and innovative startups.

Exclusive CISO Discussions:

- Existing & emerging enterprise AI threats – and how CISOs can effectively respond
- AI's future in cybersecurity – insights from cutting-edge research
- Quantum computing – practical perspectives and urgency for enterprise readiness
- Cybersecurity in wartime – navigating global conflicts and their impact on private organizations
- Strategic resilience – building cyber capabilities to future-proof your enterprise

CISO-Track Highlights:

VIP Roundtable

Intimate, closed-door strategic dialogue with the world's leading cybersecurity leaders

High-Profile Keynotes

Exclusive access to global cybersecurity visionaries, influential policymakers, and Fortune 500 executives

Startup Innovation Showcase

Curated, private meetings with Israel's most promising cybersecurity startups, tailored to your specific interests

Exceptional Networking Events

Private dinners, VIP cocktail receptions, and an exclusive cybersecurity leaders' party, offering unparalleled experiences in Tel Aviv

How to Participate: You can register to be a part of this exclusive CISO experience via the website www.cyberweektau.com. The events are free to attend but spots are limited.
